

PRESS RELEASE

Statement regarding Mitsubishi Electric's participation at 'Embedded World 2020'

RATINGEN, February 17, 2020 – Mitsubishi Electric Europe B.V. has been intensively and continuously monitoring global developments regarding the growing spread of the Corona Virus (COVID-19). In particular we have been observing the current situation in reference to our participation at the international trade fair and congress Embedded World taking place in Nuremberg. The health and wellbeing of our employees, customers and guests is of utmost importance to us, and therefore it is for this reason we have decided to withdraw our participation at Embedded World 2020.

The Embedded World trade fair is a longstanding and essential element of our customer communication which we will continue to rely on in future. We would like to thank the organizers at NürnbergMesse for understanding our decision under these circumstances.

About Mitsubishi Electric Corporation

With nearly 100 years of experience in providing reliable, high-quality products, Mitsubishi Electric Corporation (TOKYO: 6503) is a recognized world leader in the manufacture, marketing and sales of electrical and electronic equipment used in information processing and communications, space development and satellite communications, consumer electronics, industrial technology, energy, transportation and building equipment. Embracing the spirit of its corporate statement, Changes for the Better, and its environmental statement, Eco Changes, Mitsubishi Electric endeavors to be a global, leading green company, enriching society with technology.
